Y Pwll Glo

Pan roedden ni ar y bus, roedden mor gyffrous i fynd i Bwll Mawr ac roedd y plant eraill yn gyffrous hefyd. Cyrhaeddwn ni Pwll Mawr ac aeth pawb mewn i'w grŵp. Aethon ni i gyd i gael llun fel dosbarth o gwmpas yr olwyn fawr, yna aethon i gael snac cyn mynd i weld adeilad y gof. Ar ôl hynny gwylion ffilm fer yn adrodd hanes y pyllau glo. Cafodd pawb ofn y sŵn! Yna, aethon i mewn i lifft hen ac araf o dan y ddaear. Gwelais ble roedd y ceffylau yn byw. Dysgais fod ceffyl yn cael ei dywys o dan y ddaear yn 5 oed ac yn aros yno am amser hir iawn. Aeth y diwrnod y gyflym ac roedd yn amser i fynd yn ôl i'r ysgol.

When we were on the bus, we were so excited to go to Big Pit and the other kids were excited too. We arrived at Big Pit and everyone joined their group. We all went for a picture, as a class, around the big wheel, then had a snack before going to see the blacksmith building. After that we watched a short film about the history of the mines. Everyone was scared of the noise! Then, we went into an old and slow underground lift. I saw where the horses lived. I learned that a horse was led underground at the age of 5 and stayed there for a very long time. The day went by fast and it was time to get back to school.
