

# Cylchgrawn y Dewiniaid Digidol

## Hanner tymor 5C

Aeth 5C i Bwll Mawr. Gwnes i fwynhau mynd dan y ddaear a mynd i wyllo ffilm am glo. Fy hoff ddarn oedd mynd o dan y ddaear. Cyn mynd adre roedd pawb wedi mynd i'r siop i brynu rhywbeth.

Mae 5C wedi bod yn brysur iawn yng ngweithdy Microbit i neud robot symud. Cefaisi llawer o hwyl wrth wneud hyn.

Darllenom lyfr gan Gareth Lloyd James, Dirgelwch Gwersyll Caerdydd a chawsom gyfle i siarad a gofyn cwestiynau i'r awdur yn ystod sesiwn Teams.

Rydym hefyd wedi mwynhau helpu gyda'r pod STEM. Edrychwn ymlaen at ei ddefnyddio.

When 5C went to Big Pit, I enjoyed going underground and watching a film about coal. My favorite piece was going underground. Before going home everyone went to the shop to buy something.

5C have been very busy with the Microbit workshop to make a moving robot. I had a lot of fun doing this.

We read Gareth Lloyd James' book, 'Dirgelwch Gwersyll Caerdydd' and had the opportunity to talk and ask questions to the author, during a Teams session.

We have also enjoyed helping build the STEM pod. We look forward to using it.
